Rats In Alberta Certain By Fall

Provincial Expert Says Main
Rat Body To Cross Border

Rats will be established in eastern Alberta by the fall. The warning came today from J. B. Brown, provincial entomologist who spearheads the campaign to keep Alberta the only rat-free province in Canada.

Department of health field crews working north from Medicine Hat along the Alberta-Saskatchewan border found evidence recently that the main body of rats is established within two miles of the border.

MIGRATED STEADILY

The main body has migrated steadily across Saskatchewan towards Alberta during the past few years. Last year the rat infestation was 12 miles from the border.

The rats, which move to the fields in spring and summer, will move into farm buildings by fall, migrating into the Alberta areas adjacent to the border, Mr. Brown said.

The provincial entomologist strongly advocated a plan for educational work among residents of the districts which will be infested.

POISON BAIT USE

"People of these districts must be instructed in the use of poison bait and methods of trapping rats," Mr. Brown said.

Rat infestations can be expected by fall in the towns of Empress, Alton, Sibbald, Comper and Lacombe and in the rural areas surrounding these centres, Mr. Brown said.

Second Arrow

Traffic Signal
Installed Here

Edmonton's second green turning arrow traffic signal has been put into operation at Jasper and 190 street.

Assistant City Engineer P. L. Dehney said today the first at 301 street and 104 avenue is working much better now that motorists have "caught on" to the idea.

He pointed out that the bylaw provides that traffic in the green arrow may turn right on the green turning arrow, provided it first comes to a full stop and then gives precedence to through traffic before turning.

Tot Lots Open

For Kiddies Here

Seven "tot lots" and 19 playgrounds offering a wide variety of day programs are now in operation under the Edmonton playground system, a Recreation Commission announcement states.

July 1 will be a special day on the most of the playgrounds, the notice adds, with community leagues and playground committees also active in planning holiday programs.

To serve families who use the playgrounds on Sunday a number will be left open on Sunday, July 2. Play facilities and wading pools will be available at McCulloch, Borden, Tipton and Kitchener from 2 to 5 p.m., un supervised.

DAY BY DAY Army Medico Gets Degree From Varsity

Degree of bachelor of pedagogy, achieved with first class honors, was conferred on Capt. N. W. Leitch, newly appointed western army command personnel selection officer, by the university of Toronto.

The master's degree in educational psychology was awarded Capt. Leitch following a two-year course at the university under the army's active force educational program.

Following completion of his course last fall he was appointed to western command as assistant command personnel officer.

As command personnel officer, he is responsible for proper employment of soldiers, psychological standards of recruits and army morale.

Hon. Justice H. M. Parlee, who retired last month as chairman of the university of Alberta board of governors, was honored by the board at a luncheon meeting at which he was presented with an inscribed desk set.

"Mr. Justice Parlee's qualities as chairman have been unsurpassed, including pre-eminently fairness, objectivity and promptitude, the last of the greatest practical value considering the volume of business we had to dispatch," said Dr. Robert Newton, retiring president of the university.

Dr. Newton commented on Mr. Justice Parlee's contributions to the university during the difficult period of the war years with the great expansion which took place after.

Mr. Justice Parlee was appointed chairman of the board of governors in 1940.

Word has been received of the death of Nelson of William A. Bailey, former manager of the investment department of the Mutual Life Assurance company at Edmonton and Saskatoon.

Mr. Bailey was a former president of the Mortgage Loans Association of Alberta and a member of the Edmonton Kiwanis Club.

Appeal has been issued for mothers of preschool children in the Calder district to attend a meeting in the community hall Friday at 8 p.m.

The director of the Calder playground cannot conduct an adequate program for the preschool children unless there are at least two mothers assisting daily, according to Walter Farina, director of the Recreation Commission.

A schedule will be drawn up at the meeting and parents are asked to register their children since only registered children will be allowed to take part in the program of games, handicrafts and parties.

Conditions in western Germany have definitely improved in recent months but there is still a great deal of tension, due to the troubled international situation.

That's the word from Dr. Helmuth Wohlhoff of Dusseldorf, Germany, in Edmonton as the course of trans-Canada survey.

A chemical engineer, Dr. Wohlhoff is looking for technical possibilities of exporting chemical products of firms he represents in western Germany.

He is accompanied by Dr. W. Mischel, also a chemical engineer of Dusseldorf.

65 Sea Cadets Leave For B.C. Island Camp

Sixty-five young seamen from Edmonton will go "down to the sea" Friday morning.

The youngsters, all members of the Edmonton detachment of the Royal Canadian Cadets, will leave for summer camp at Gower Island near Vancouver.

In the four-day water of Howe Sound, the cadets will sail, swim, fish, and carry out naval training manoeuvres for two weeks. The 120 boys at the camp will have a fleet of 15 dinghies, six whalers and two cutters at their disposal.

Accompanying the Edmonton detachment will be Lt. Bill Doyle and Midshipman Ronald Linton.

SPECIAL COURSE
In previous years, the camp has been visited by one of the ships of the navy's west coast fleet and the cadets give a brief sea voyage. No arrangements have yet been announced.

A special summer course will be given by Able Cadet Jack Turner who will take a cadet's strategy course at HMCS Cornwallis, the big naval training base in Nova Scotia. He will be accompanied by Lt. Harold Skirrow, who will be a divisional officer on the course.

A total of 4,000 Canadian sea cadets will take two weeks summer training at five camps across the country.

Worker's Death To Be Probed By Board Here

Workmen's Compensation Board is investigating the death of Eric Savits, city workman whose body was found in a sewer April 9 after he had been missing 10 days.

The investigation will determine only if the man died in an accident "rising out of and in the course of his normal employment," board officials said today.

The board is inquiring into the death at the request of Savits' wife, who was found in a sewer near 97 street and 111 avenue, 10 days after she disappeared.

WAR BRIEFS

Russ Refuse Help For South Korea

From BUP and AP Despatches

Russia rejected today a United Nations request that it help South Korea repel invading North Korean Communist forces.

The Soviet government held that the security council resolution calling upon UN members for such assistance was invalid because Russia and the Communist Chinese people's republic did not attend the meeting at which it was adopted.

Russia sent its reply to UN Secretary-General Trygve Lie. The text of the Soviet note was released by the Soviet news agency Tass.

SIGNED BY FIVE

The note contended that to be valid, the resolution should have been approved by all five permanent members of the council—the United States, Britain, France, Russia and China.

John Foster Dulles, Republican adviser to the State Department, arrived in Burbank, Calif., last night by air from Honolulu, en route to Washington from the Far East. He told reporters that the Korean situation "is one of great gravity."

A B-28 bomber returning from a combat mission over Southern Korea crashed into the sea today near an airbase in Japan killing the two crew members.

United States evacuees from war-torn South Korea reached a total of 2,870 in Tokyo today. Others are expected to arrive in small boats during the next 10 days.

More than 1,280 persons called the London newspaper Daily Telegraph yesterday asking about news contained in various dispatches. Less than six asked about the Korean war, the newspaper said.

President Jimmy D. Eisenhower said today that the United States will not return to the Korean peninsula after a conference with Gen. Douglas MacArthur. Neither was hurt.

Former American Maj. Gen. Claire L. Chennault, wartime head of the Flying Tigers, has ordered his commercial airline pilots in Hong Kong to stand by for possible flights to Korea.

Some 4,000 persons in New York met last night at a Communist-banned Madison Square Garden rally and applauded speakers who attacked United States intervention in Korea. The "hands-off-Korea" rally was sponsored by the Civil Rights Congress, labeled a subversive organization by the attorney-general's office.

British newspapers today welcome Britain's decision to put her Far Eastern naval forces at the disposal of the United States as concrete evidence that she is determined to back fully her pledge of assistance to South Korea.

West coast military bases in the U.S. tightened security regulations today and ordered other "precautionary" defense measures reminiscent of pre-war days. The preparations, touched off by the tense Korean situation, were taken in stride by residents who were answering the call for tens of thousands of civilian volunteers to man a giant air early warning system along the entire seaboard.

Secretary-General Trygve Lie and his top aides are seeking aid from United Nations members on how far they will go in trying to stop the Korean conflict. This was disclosed officially last night before Russia informed Lie that it could aid the Korean people's republic. He was scheduled to leave this weekend for London, Paris and Geneva.

The Dutch government has decided to make Dutch naval forces available to take part in "necessary measures" in the Korean area following the appeal of the United Nations to its members to aid the republic of South Korea.

Responsible officers in Belgrade said Yugoslavia has adopted a "hands off" policy on Korea in order to avoid the possibility of a direct showdown with Russia.

A defense department spokesman was asked today to comment on a report that the Philippines might send troops to South Korea. He replied: "I don't think so. We feel that with MacArthur there everything is well under control."

India agreed today to go along with the United Nations security council's call on members to help stricken South Korea.

A car allegedly driven by a Los Angeles man knocked down and killed a woman pedestrian on a two mile stretch of Nisku last night.

Dora Portman, 26, believed to be hitch-hiking with three companions, to the Ponoka Stampede was crossing the highway when the car, reported to have been driven by Jules Kellert, car salesman of Leduc, hit her.

The accident occurred after the car had left a car which had brought them from Edmonton, the woman's companions, Malcolm Stevens, Kamloops, and an unidentified woman told RCMP.

They told police that they were walking on the wrong side of the road. Deceased was crossing to the right side when she was hit by the side of the auto.

Death was almost instantaneous. Kellert told police he made an attempt to avoid the victim, but traffic was so heavy he could not turn his car out too far.

The car travelled 20 yards with the woman on the right fender, before it was brought to a halt. RCMP, who have not yet announced whether an inquest will be held, are endeavoring to trace the woman's next-of-kin.

FIRE HELPS CONVENTION OF CHIEFS

VERMILION, June 28.—It couldn't fail to happen.

While almost all the fire chiefs in Alberta sat in conference in Vermilion School of Agriculture, a fire in Ambler Brothers workshop here got a good start.

However, after the alarm was given the home town squad was first to the fire and the Hickey demonstration truck with its cloud spray smoke made short work of the blaze and had a chance to show the equipment in action.

DP TRIED FOR BIGAMY

One Too Many Janinas
Brings Double Wife Trouble

OTTAWA, June 29.—(BUP)—A 25-year-old Polish displaced person admitted today that he had two wives—both named Janina.

Pawel Wylupski pleaded guilty in court to marrying Janina Leskowitz June 3, while already married to Janina Koska. He was released one week for trial.

Speaking through an interpreter, Wylupski said his marital troubles started in Mannheim, Germany. He married a fellow DP, Janina Koska, before a public court May 21, 1946, and had the ceremony re-enacted by a Catholic priest in 1948.

In May, 1949, Wylupski sailed for Canada, leaving his wife at the German DP camp. He made a number of attempts to persuade Canadian immigration officials to permit his wife to come to Canada, but failed.

Then Wylupski met Janina Leskowitz, a Polish DP. He married his second Janina, also a DP, on June 3 in St. John

Ukrainian Church, Ottawa. Fourteen days later Janina No. 1 arrived in Ottawa with her two children.

Wylupski met them at the station, got them a hotel room but made no mention of his new wife. The following day he told his first wife he would have nothing more to do with her.

But wife No. 1 didn't accept the decision. She paid a visit to Wylupski and the second Janina, and brought along an officer from the police morality squad.

Canada Set
For Holiday

By The Canadian Press

Canadians across the country will put work to one side Saturday

and celebrate the dominion's 32nd birthday.

Saturday is Dominion Day.

City dwellers will don overall, slacks and sweaters and head out for the country. Country dwellers will don suits and dresses and head in for the city.

Highways, waterways and airways are expected to be jammed with travellers.

ACCIDENT TOLL

But it will be no holiday for police, who predict a heavy run of holiday accidents and ambulance, a Canadian Press survey shows.

The Alberta Safety Council estimated nearly 200,000 vehicles will be on the move in that province, and issued accident warnings to motorists heading to lake and mountain resorts.

Heavy train bookings in Nova Scotia signal the beginning of a heavy tourist invasion. Crowds are expected to flock to baseball games, yacht races and sporting events on the holiday.

The Aspirin Bottle, Puh-lease!

Let's spin the sports scene: annual meeting of the Arena Rink Company, backers of Saskatoon Quakers of the Western Canada Hockey league, held earlier in the week, turned out to be more like a wake. The meeting heard that the club operated at a loss of \$13,641, despite 'outside' help in the form of a successful carnival and other projects. Big reason for the loss appeared to be a player payroll of \$48,914, when only \$35,000 had been budgeted. P.S.: manager Bill Hunter, whose particular job it was to hire the playing talent, will be with Regina Caps next season, in a P.R.O. capacity.

Ex-Eskimo firstsacker Ted Tappe, who signed recently with Cincinnati Reds, will be sent to the Reds' Charleston, W. Va., team in the class A Central loop. Tappe's father announced that his son was on the line for "a bonus of about \$6,000."

Attention Detroiters! Al Purvis: major league player representatives shortly will petition for a return of the 'old' balk rule, eliminating the 1950 provision requiring a full one-second stop in the delivery of the pitch with men on base (Ed notes while hurling Dodgers to an 8-4 win over Reds Tuesday, Purvis committed three balks.)

Reg Clarkson is hitting less than .285 for Vancouver Caps. . . Joe Bradish, once of the prairie league colony, is riding at Longsight, Seattle.

Bob Lillis, Ex shortstop who left last night—via the air-trails—for Cleveland and a shot in the Indian organization, expressed the belief privately that he would wind up with San Diego of the Pacific Coast circuit. That would be close to home, at that, for the Alhambra, California, infield flash.

There's a chance that was of England's famous Marylebone Cricket Club doing its stuff in Edmonton next to the window when the local promoters heard the asking price of \$600 per appearance. "We haven't got that kind of money," said Ed Fraser, who tubs him for the L.B.W. crowd, and does a great job, incidentally. The Marylebone plan a Canadian tour are long.

From the horse's mouth we learn that both Regina and Moose Jaw, a pair of Saskatchewan hamlets, will buck any attempt to enter an Edmonton team in the Western Canada Junior Hockey league.

Tony Hemmeling will coach Portland Penguins of the PCHL next season. He had the now-defunct San Francisco Shamrocks last puck whirl. . . Bing Crosby is anything but a taken snowdrift in the Pittsburgh Pirates. The Crosby strike is a cool (?) 280,000 fish.

When reaching an agreement to handle the umpire-in-chief role at the Regina baseball tourney, starting July 31, Harry Ornest guaranteed the sponsors a "professional job." . . H-m-m-m. . . Perly Tony Mase is playing the first this summer. After starting the season with North Battleford, he's now with Regina Caps of the Southern Saskatchewan Baseball circuit.

Further on the affairs of the SBL: Art Stone, a .378 hitter with Calgary Buffs in '59, boasts a .381 mark with Regina Caps. At the same time Lambert (Lefty) Lauer, a student at University of Alberta when school is in, is in a valued member of the Moose Jaw pitching staff.

In a quiet way Cleveland's Al Rosen is putting together one of the finest first year slugger records ever known in the majors. Yesterday he hit homer No. 20.

King and His Court more than lived up to advance billing while providing plenty of entertainment for a big outpouring at Kingsway last night. In his own way right pitcher Ed Feigner is the Kirkwood of the football trials. . . The sombrero is off to Steve O'Neill for his fine start as Joe McCarthy's stand-in with Boston Red Sox.

SENIOR 'B' PLAYOFFS IN CRUCIAL STAGE

Dit Clapper Moves Into Front Office

BOSTON, June 29—(AP)—Election of Aubrey (Dit) Clapper as a member of the board of directors of Boston Bruins was announced yesterday by president Weston W. Adams of the National Hockey league club.

Clapper, who starred for the Bruins for 20 seasons after joining the club as a 20-year-old rookie in 1937, resigned as coach after the 1958-59 season to devote full time to his sports goods business in Peterborough, Ont.

An star right winger and defenceman, Clapper became the only active player to be elected to the international hockey hall of fame in 1957.

The Bruins have been without a coach since George (Buck) Boucher severed his connections with the club at the close of last season. There has been much speculation that Adams and general manager Art Ross wanted Clapper to return to their bench for the 1959-60 season.

Girls Ball Loop Calls Meeting
An emergency meeting of managers and coaches of the Edmonton and Theresia Girls Baseball League has been called for tonight at 7:30 in the Recreation Commission building.

BOSOX ROLL			
NEW YORK, June 29—(CP)—Other big league pitchers may, and probably will, chalk up more victories this year than Art Houtteman. But the Detroit Tigers' classy right-hander will always have the honor of having been the first 1950 100-win pitcher.			
He hit the mark yesterday as he turned back Chicago White Sox 6-2 in an American league game.			
Hoot threw 14th, home, a 4-20 foot inside-the-park walkoff, drove two runs across in the fifth to lead a 1-1 deadlock. Don Kattus added two more in the sixth on his third homer into the left field stand.			

REYNOLDS SCORES WIN			
Allie Reynolds, veteran New York right-hander, pitched a three-hitter as Yankees defeated Washington 5-1 at New York to even their series at one victory apiece.			
At Philadelphia Steve O'Neill's Boston Red Sox swept to their sixth straight American league victory, defeating the A's 6-2.			
Home runs by Ted Williams (No. 27), Vern Stephens (No. 17) and Tom Dagaglio (No. 2) helped send Los Angeles to its 12th defeat of the season.			
At Cleveland Indians maulled St. Louis Browns 18 to 2. The big inning was the seventh when 15 Indians paraded to the plate and knocked in 11 runs.			

DODGERS EDGE GIANTS			
Gene Hermanski's main home run of the season broke a deadlock between Breacher-Heck and Sheldon Jones in the seventh and gave Brooklyn a 5-2 National league victory over New York.			
Chicago Cubs rolled up their biggest scoring total of the season, they massacred St. Louis Cardinals 15-3 before a Chicago lady-day crowd of 15,000, that included 17,000 paid.			
Roy Smalley topped the usual with his 12th homer, a triple double and single in five times up.			
SAIN WINS 10th			
Houtteman's 10-win mark was equaled in a night National league game at Boston when Johnny Sain whipped Philadelphia, 3-0, and knocked the Phils back into second place behind Brooklyn.			
Pittsburgh Pirates rallied for two runs in the eighth to edge Cincinnati Reds 6-5 before a sparse crowd of 12,000. The payoff blow was Stan Hollos's run-scoring double with two men out.

Kingsway Is Jam-Packed As South Side, Singers Win

Apparently it takes a large crowd to bring out the best in South Side's senior ladies football team.

South Side pulled the ups of the season to this point by downing Ross MacPherson's Mertons 5-1 in the first half of a doubleheader.

USED SRO SIGN
A sell-out crowd of over 2,500 was on hand to see the King and His Court, a four-man softball squad, in action against Singers, leaders of the Senior Men's league.

South Side won their second game of the season by pulling off the stunning upset in the opener.

In the exhibition tilt with Singers the score was incidental. Ed Feigner pitched brilliantly, the capacity audience with his brilliant hurling performance.

And if they weren't obnoxious his pitching — they were laughing at his antics.

King Eddie struck out 16 batters in the six innings.

The only two to go out other than via the strikeline route were Ray Frederick, who popped up to catcher Meade Kinner, and Fred Morris, who lifted to shortstop Doug Mellick.

LOOK MA, BUNDFOLDED
Feigner pitched blind-folded, from second base and on his knees. Punting blind-folded, in the fourth inning, he struck out Bill Ingram and Emilie Seibel.

Mellick walked a towering tower home over the right field fence in the fifth frame for the Kingsway.

Doug Anderson singled, a trio of safeties, all singles, while his Flyer hockey teammate, Colin Kilburn, got to Feigner for a pair of doubles.

Feigner, incidentally failed to throw a fastball during the entire game (the ace).

Feigner, King Steele was the brother of South Side's victory. Steele scattered eight hits and also added her own career by tripling in a pair of runs in the fourth stanza.

Phil Palmer Returns For Marotti Fight
Leo Fumano attached himself to a telephone last night long enough to transmit the information that 'Highlight' Phil Palmer has returned to these latitudes.

Purpose of Palmer's return from Vancouver is his welterweight pitfight with Al Marotti, which approaches upon a next Wednesday. The B.C. brawler, who lost a split decision to Marotti in April, will taper off his training at the Gym-and-the-Gem this weekend.

THEY'RE CONNECTED
Fumano's connection with Palmer is somewhat more than platonic, the former having something to do with the training of the latter. In addition, Fumano acts as Palmer's publicity agent in this city.

Starweno the semi-windup features Benny Geary, the Wildwood wrestler, and classy Kid Leon from Salt Lake.

George Mazurenko, one-time lightweight fish locally, who has turned from fighting to pharmacy at the University of Alabama, is billed against one Honnie Walker of Calgary in a special event.

BOXING 'BOOMS'
Meanwhile, a boxing circuit has sprung up in northern Alberta which rivals the wrestling circuit that travels from town to town during the summer months.

Last night, for example, Edmonton pugilists like Stan James and Chub Shanks made it in. Valing for a showing, On Saturday Marotti and Geary are

KING, COURT IN THREE NIGHT STAND

Joe Miller, who has been leading the crowd in connection with the visit to Kingsway of Ed Feigner and his 'Flyer' entertainers, knows a good thing when he sees it.

The last out had hardly been registered at Kingsway last night, where Feigner and his mates bowed to Singers 5-4, when Miller announced that what had originally been scheduled as a two-night stand would stretch to three.

In other words "The King and His Court," as Feigner and his mates are known, will play at Kingsway tonight, as originally planned, as well as tomorrow night also.

Wife Tells Reason For Killing Mate

RICHMOND, Ind. June 29—(AP)—Mrs. Sylvia Harris confessed yesterday she shot her drunk husband to death last week because he "wouldn't buy anything" for their six-year-old son, she said.

He said Mrs. Harris told him: "The most pleasure I ever had in my whole life was seeing my husband fall in the fire."

A bribe offered him while he was a member of New York Giants.

RIO SOCCER DONS BAN FIRECRACKERS

RIO DE JANEIRO, June 29—(Reuters)—Firecrackers will be banned at world soccer cup games now being played here.

Public authorities last week and littered the field with spluttering and banging explosives during the England-Chile and Brazil-Mexico games.

The crowd showed its enthusiasm on extreme displeasure continuously with fanfares of crackers leaping between the legs of the distracted players.

Rio police announced yesterday that anyone found with fireworks at the football stadium would be promptly arrested.

Bea Checks Fashions With Teen-Ager Bill

By Bea Thrift

Teen-ager talk follows the world-of-tomorrow crisis in a peculiar language completely beyond my capacity for learning.

But it is interesting! Fashion-conscious Beau Brummels of the coke-counter set have their fingers deep in the fast-fashion season with bleached hair, bougie-cut, draped-shape trousers with wide, wide knees and narrow, narrow cuffs. They're running rampant with colors... and the fellas are the ones who're really whoppin' it up!

From my seat of worldly-wise maturity and grey-headed age I poked a finger of inquiry at a brass-cut character named Bill and asked him for a few well-chosen words on the subject of men's fashions.

He surprised me completely by handing me a neatly-typed bit of handy-nandy info re the question of suitable suits for young men-about-town.

So I thought I'd give young Bill Campbell's advice a whirl or three... see what you think...

"Want some help in buying a suit this summer? Well stick around, and I'll give you my opinion on it. First there's the style—the best I've seen yet is a single-breasted one-button jacket, with a 16-inch cuff on the pants."

As for the material, you have an assortment of wool woads including gabardines, piccadillys, glen checks, and others in a wide variety of colors.

Another thing—if you want to look cool and casual, don't get a double-breasted suit. Stick to a single for summer.

Besides, you can wear odd socks with the jacket and thus increase the variety of your wardrobe without decreasing the size of your pocketbook.

Before closing, I might add this helpful reminder in determining the correct length of your suit coat. When you stretch your arms down your sides, the bottom of the coat should be even with the ends of your thumbs.

An inch or two longer won't make much difference, but if your jacket is any shorter than that—John, you're strictly on the square!"

So there!

DOROTHY DIX SAYS

Every Stage of Life Has Own Particular Pleasure

I think we make no greater mistake than in painting youth as the supreme joytime of life.

This not only makes the young feel that they must squeeze into it every possible amusement and excitement because their time of enjoyment is short, but it causes many older people to cling pitifully and hopelessly to a youth that is already gone because they feel that beyond that life is nothing but a barren waste.

As a matter of fact, no one can say with certainty which is the happiest time of life. It shifts with the individual.

There are those who have had golden youths and leaden old ages while others have had hard and bitter youths and only found how sweet the wine of life can be as they drained the last drop in the cup.

Certainly youth has its pleasures but it is all the keener because they are new and untired. The show is great because it is the first one he has ever seen. There is romance in every situation.

One's feet are strong and never tire in the dance. One's appetites are avid and unslaked.

MAKE THE MOST OF YOUTH! All of us older ones can remember when we looked with sympathy at decrepit old men and women of 80 and wondered why they wanted to live on in a world in which they could find no possible amusement or interest, and we found that we would die around 25 so as to be spared that tragic fate.

But, astonishingly, when we got into our thirties we discovered that we had just begun to enjoy ourselves and get a real kick out of living. We looked back upon this dreary old age of ours and said, "We had a rather shaken before it, and smile to think they could ever have assumed us."

anytime which suggests that youth is good for the hair. It makes, you reeducated. That is what I did for you!

Council To Hear C of C 'Mile' Brief

Special Meeting Tonight Will Hear Report Detail

Edmonton Chamber of Commerce will make a special submission to city council tonight presenting their views on the Detweiler civil centre.

The decision was taken at a luncheon meeting of the Chamber council yesterday in Corona hotel, following debate of two-and-a-half hours.

Debate centred on report on the Detweiler civil centre made jointly by the civic development and executive committees of the Chamber.

Their report was made following study of an investigation of the Detweiler plant by Dean Andrew Stewart, noted economist and newly appointed president of the University of Alberta.

INCLUDES REPORT

Dean Stewart was engaged last month after the council of the Chamber voted to obtain the services of an "equivalent and impartial economist" to study the civic centre plan.

No statement was made as to the contents of the Stewart report or as to the nature of the report which will be made to city council.

Clearing House

Edmonton clearing house figures for week ending June 25 totalled \$20,782,983. This marks an increase of \$2,088,906 over the \$18,694,077 total for same week last year.

Fire Beaten After Week

Northern bush fire which has burned unchecked for more than a week was brought under control yesterday by forestry crews.

More than 40 men have been fighting the blaze since it was first reported burning into stands of marketable timber about 160 miles north of Las La Biche. Bulldozers and other heavy equipment were sent into the area soon after the first report was received.

Meanwhile, crews comprising more than 50 men are still attempting to check three fires burning in the unsettled area between Edson and Sturgeon Lake. Recent rains through the area have aided the men in their fight, but some marketable timber is still being threatened by the flames.

No new outbreaks of fire were reported today, officials of the provincial forestry department said.
